**Subject: Korea Wearable Market status - Samsung/LG**

Brief update for ISV/OEM and Java team in Korea.  
It happens what we were afraid of in Korea IoT market.

Samsung Electronics announced Tizen as a wearable device platform.  
LG Electronics will also announce Android-Wearable platform as a wearable device (within 3 months)

Oracle (ISV/OEM and Java Team) should prepare :

- I Samsung Corporate-level collaboration model
- I Round table with LG R&D about IoT Device platform

Check it out:
